When it comes to the latest nail designs, Nailologists know what's hot and can create some of the best nail art in town. The team at Nailology has rounded up the top five summer nail trends to try this summer.

Top Five Summer Nail Trends

1. **Rainbow Nails.** To make the most of the trend, paint every nail a different pastel colour or for something more classic, go for French tips featuring two or three colours.
2. **Tiny Accents.** From small butterflies to dainty florals or little stars, nail art featuring these minute designs offer a subtle impact.
3. **Neon Nails.** Think bright neon yellow or green or try pops of colour against a neutral nail – it's one of the best high-impact, low-effort manicures.

4. **90s Pop Art.** From smiley faces to old school cartoons, match nails with the 90s fashion trends making a comeback.
5. **Abstract Artwork.** Unexpected swirls and lines have an artistic feel and look great in any season. Ask for abstract versions of florals, faces or geometric patterns.

In addition to 'classic' treatments like the Classy & Sassy manicure/pedicure, Nailology's themed signature treatments are the ultimate in self-care with tailored masks and scrubs customised with special ingredients and fragrances.
