'Sassy Summer' Offer

Always one step ahead of the current nail trends, the limit does not exist when it comes to nail inspiration for the team at Nailology. Whichever way you're leaning, there's a nail look you'll love. The Nailology trend team have gathered five of the most coveted nail trends of the season, straight from celebs and nail artists to try this summer:

### Top Five Summer Nail Trends

1. **Wavy Look.** This nail art is calling everyone's name this summer. Choose your favourite colours and ask to paint in swirls for a groovy look.
2. **Hot-Pink.** The colour screams summer fun and was recognised as the "official colour" of this summer. There are many fun ways to wear the colour, including incredible nail designs, but sometimes just sticking with a shade and nothing else is the best.
3. **Animal Print.** From zebra stripes to leopard dots nail designs - animal print can be considered neutral when the tips are short and the base is bare.
4. **Dainty flowers.** Daisies, tulips or roses? It's up to you to decide how to bloom this summer. It's so simple and feminine, but just bright enough to catch someone's eye.
5. **Moon nails.** The moon nail trend allows you to play with colours and dimensions in a way that we haven't really seen before. Feel free to use that space to add an unexpected pop of colour to your manicure or leave things bare.

In addition to classic treatments including Classy & Sassy manicure/pedicure, Nailology's themed signature treatments are the ultimate in self-care with tailored masks and scrubs customised with unique ingredients and fragrances. From the brand-new Red Carpet Pedicure, which transforms legs from dry and

dull to nourished, cellulite-free and sun-kissed, or the Gold Goddess with a decadent amber-infused mask and golden patch for eyes or lips.
