ShuiQi Spa & Fitness takes standards for hygiene and cleanliness very seriously. Whilst showers and changing facilities are now available, as per government guidelines, wet facilities will remain temporarily closed. A limited offering of treatments will be available which can only be done on an appointment basis to allow for sufficient time in between treatments for full sanitisation and disinfecting to take place. All creams and scrubs will be applied using disposable wooden sticks and disposable bamboo Pure napkins are offered to guests in place of regular cotton towels. All spa therapists and guests are required to wear a mask throughout treatments. Shared amenity kits in changing areas have been removed and replaced with individually wrapped amenity kits placed in lockers. While ShuiQi Fitness Centre will be open, operating hours will be reduced to ensure sanitisation between uses of each machine and fitness machines are sanitised using hospital-grade disinfectant before and after every use as per Technogym and Dubai government guidelines.
